

J & J ELECTRONICS, LLC .

Minimum Advertised Price (MAP) Policy

Effective Date: April 1, 2017

J&J Electronics has built an excellent reputation in the pool and spa industry for manufacturing high quality LED lighting products and providing first rate customer service. To further strengthen and support our reseller network, J&J has unilaterally adopted a minimum advertised price policy (herein referred to as MAP) on selected products. We greatly value the efforts of all our resellers to sell and distribute J&J products at fair market pricing; J&J's MAP policy is intended to protect our customers by ensuring no entity can cause the erosion of margins to resellers.

J&J's MAP policy shall apply to all retailers, contractors and wholesalers (collectively, "resellers") who resell Color Splash™, ColorGlo™, Guardian™ and PureWhite™ products to end users located in North America. The map policy will work under the following guidelines:

Minimum Advertised Pricing Policy Details

1. The MAP policy shall apply to the J&J Electronics, Inc. products specified in the MAP listings in addendum A.
2. J&J Electronics, Inc. will not sell its products to resellers that allow J&J products to be directly or indirectly "Promoted" for less than the Minimum Advertised Price (MAP). Resellers must make their own decisions as to how they advertise or sell J&J Electronics products. However, J&J Electronics will take measures to stop selling directly or indirectly to those who opt to violate this Policy. If a reseller is violating the MAP policy, and they do not purchase directly from J&J Electronics, measures will be implemented to stop selling J&J products to the violating company's supplier. J&J Electronics, alone, will make the determination of whether a reseller is in violation of this policy.
3. Internet sales and/or electronic media to include websites, email solicitations and email newsletters etc. with features such as "click for pricing" or other forms of automatic email pricing responses prior to placing product in the shoppers cart constitutes "Advertising" under J&J's MAP pricing Policy.
4. J&J will only honor warranty claims for those J&J products sold through authorized resellers who comply with J&J Map policy. J&J will not honor warranty claims for product purchased on eBay, Craigslist or any online media other than an authorized reseller's website. Consumers who purchase items through an unauthorized online media are considered the second owner and no product warranty coverage is provided.
5. In cases of violation of the MAP Policy, Resellers will be allowed forty-eight (48) hours to bring advertising into compliance or J&J Electronics will either directly or indirectly cease supplying products to the Reseller. In cases of intentional and/or repeated failure to abide by this policy, J&J Electronics, in its sole discretion, will disqualify the reseller from all special programs, will terminate all orders from or to and all contracts with the Reseller.

6. The term "Promote" as used herein includes the use of advertisement of selected J&J Electronics products in any and all media including, without limitation, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, Internet, Text Messaging or similar electronic media including websites, email newsletters, email solicitations, television, radio and public signage.
7. The MAP policy is not applicable to any in-store advertising that is displayed only in the store and not distributed to any customer. In-store displays, point of purchase signs, hangtags or barcodes or similar marks on products or on product packaging which merely state the price, are not considered "advertising" for purposes of this MAP policy. In that regard, this MAP policy does not apply to the actual sales price of the product on any "check out page" of any resellers website or related internet site (typically the page at which the end user finally purchases the product).
8. The MAP policy applies only to advertised prices and does not apply to the price at which the products are actually sold or offered for sale to an individual consumer within the resellers' retail location or over the telephone. J&J Electronics Resellers remain free to sell the selected MAP products at any prices they elect.
9. The MAP policy does not establish maximum advertised prices. All Resellers may offer J&J Electronics products at any price in excess of the MAP established for such products. Internet auctions may not display or have reserved bid or other acceptable prices below MAP price.
10. The MAP policy does not in any way limit the ability of any reseller to advertise that "they have the lowest prices" or, they "will meet any competitors price," or that "consumers should call for price" or phrases of similar import, as long as the price advertised or listed for the products is not less than MAP.
11. From time to time, J&J Electronics may run promotions for products covered by the MAP Policy because the products are being discontinued or because they are just being released. In such events, J&J Electronics reserves the right to modify or suspend the MAP with respect to the affected products by notifying all Resellers of such a change. J&J Electronics further reserves the right to adjust the MAP with respect to all or certain products at its sole discretion upon 7 days advance written notice to Resellers provided that such changes shall apply equally to all Resellers.
12. This MAP Policy is solely J&J Electronics decision and responsibility acting through the duly authorized managers of J&J Electronics, Inc. No employee or sales representative of J&J Electronics has any authority to discuss or modify this policy and any action of any person, which claims to modify this policy or to solicit or obtain the agreement of any person to the policy, is unauthorized and invalid. Any questions about this policy should be in writing and directed via U.S. Mail to:

J&J Electronics, LLC.
6 Bendix
Irvine, CA 92618
1-800 735-4553
Email to: sales@jandjelectronics.com

No oral communications about this policy are authorized. The foregoing MAP Policy and any MAP Product Listing is subject to modification or discontinuance by J&J Electronics, in its sole and absolute discretion, at any time. Any action taken by J&J Electronics under this policy shall be without liability to J&J Electronics.
